

## TECHNICAL NOTE

### TOPIC: Combi-Switch listing information

#### SUMMARY

The "Combi-Switch" is a four circuit combiner box switch, SMA Model Number SBCD4-40. It can be ordered with 10 amp fuses as COMBO-SWITCH-10 or with 8 amp fuses as COMBO-SWITCH-8. The Combi-Switch is listed with the ETL mark for both the United States (UL 1741) and Canada (CSA C22.2 no. 4-04).

The ETL Listed Mark is accepted by AHJs (Authorities Having Jurisdiction) and retailers across North America as a product's mark of compliance to applicable electrical, gas and other safety standards. Intertek is an OSHA recognized NRTL (Nationally Recognized Testing Laboratory) and accredited as a Testing Organization and Certification Body by the Standards Council of Canada.

#### LISTING INFORMATION

The Intertek listing report number is 3061752-1, revised 12/17/08. This Report gives the results of the inspection, tests and evaluation of a Four Circuit Combiner Box Switch for compliance with applicable requirements of the Standards for Inverters, Converters, and Controller for Use in Independent Power Systems (UL 1741, 1st Ed., May 7, 1999 - Revised 11/07/ 2005) and Enclosed and Dead-Front Switches (UL 98, 13th Ed. - Issued 02/25/06; Revised 04/12/06 and CSA C22.2 No. 4-04).

The Combi-Switch and all components included in it are either listed by UL or are periodically tested as a non-listed component by Intertek to comply with the above Standards.

If you have additional questions or need further clarification, please refer to the product manual or contact your local SMA America Sales Manager. For technical support, please contact SMA America Technical Services.
